NEVER DESPAIR OF LIFE!

KELLEY & CO'S

HIGHLY CONCENTRATED

SARSAPARILLA

Cures the Worst Diseases that ever preyed on the Human System, and saves Thousands of Lives Annually!!

10.000 CASES

Of SCROFULA cured by it this year, and 5,000 Cases DYSPEPSIA and HUMORS, of which *proof* can be furnished. This is the only medicine known to cure these diseases.

THIS Sarsaparilla will bear TWO QUARTS OF WATER to a Bottle and then be far superior to any in use. It is put into the Bottle its FULL STRENGTH and power, without reducing it, and this is done for the special benefit of those who use it as it is objected to all other Sarsaparillas that they are Weak, Clumsy, Adulterated Sickish, and are wholly incapable of reaching the seat and cause of the disease. But this Sarsaparilla comes warranted to be

Six Times Stronger

than any other and Six Times Better, Safer Surer, and Cheaper than all others. *THIS* Sarsaparilla has bestowed on it some of the best MEDICAL Talents and Skill in the world, and CURES all the Sickness KILLS all the Pain and REMOVES all the suffering that it is in the power of Human means to do. It Cures

Scrofula, Dyspepsia, Jaundice, Liver Complaint, Humors, Canker, Costiveness, Rheumatism, Cancer, Debility of the System, Salt Rheum, and every Disease which arises from **Impure Blood!**

CONSUMPTION CURED WITH

KELLEY & CO'S SARSAPARILLA!

A PHYSICIAN who is truly the most distinguished of any in a large City for professional skill CERTIFIES astonishing, as it may seem, that he actually CURED a case of **Consumption** with Kelley & Co's Sarsaparilla and says "that there is no medicine in which he has so much confidence for **Diseases of the Lungs**." Some will marvel at this REMARKABLE Cure, but hundreds are knowing to the fact. This INESTIMABLE Sarsaparilla is also doing wonders in foreign cities. It says

SIR BENJAMIN BRODIE,

Surgeon to the Royal Family of England, that there is no other medicine which is CAPABLE of doing so MUCH GOOD and yet so INCAPABLE of doing injury. What distinguished compliments are these? Never was there a medicine honored with STRONGER RECOMMENDATIONS. It CURES when every thing else fails the

Severest Scrofula and Humors,

where the flesh falls off the bones—the bones are diseased and the DART OF DEATH seems ready to strike the sufferer. And the reason for this is, that ...the BLOOD perfectly Pure Rich ...all and ...ak ...re ...sor ...to ...the ...But ...ves ...ly ...

...BLESSINGS OF HEALTH

Ladies, Married and Unmarried!

It is for your especial benefit that this Sarsaparilla is made as the HEALING ART has been tasked to the utmost to have it exactly suited to FEMALE COMPLAINTS. These Complaints have never been cured for as they ought, hence it is that all the medicines which are used with the hope of Cure so invariably and entirely fail. But this Sarsaparilla has the SPECIAL ability, to cure every Disease Affliction or Pain, which comes under this head. It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches Pimples, Freckles.

TO THE AFFLICTED

DR DOUGLASS respectfully informs the citizens of Boston that he may be consulted as to all diseases incident to the human frame, at his office,

No. 55 Union Street.

Dr D has been in extensive practice in all parts of the United States, and has now in his possession the best of evidence to show that he is a regular M D. He has been upwards of 40 years in practice. The diseases of females will receive the Dr's particular attention. He will tell all the diseases from an examination of the eye. This is an advantage that Dr D has above all other practitioners, and which will necessarily do away the necessity of a long and unpleasant explanation on the part of the patient, of the disease with which they are afflicted. The age and length of time the patient has been suffering, is all the Dr will require to give them a most thorough knowledge of their complaint and whether or not a cure can be effected.

Dr D, has been very successful in the treatment of Colds, Coughs Consumptions and Liver Complaints, all Pulmonary diseases; Scrofula, Rheumatism, Fits, Dysentery all diseases of the Eye and Ear, diseases of the Blood, Palpitation of the Heart, Gout, Salt-Rheum, Cancers, cutaneous diseases and all affections of the kidneys and bladder, Tic dolor eux, Hernia, Abdominal Weakness, Tooth-ache, Intemperance, Stammering. Dr D warrants a cure of any of the above diseases, if applied to in season.

He would also respectfully inform the Ladies that he will attend to their diseases and complaints from 8 to 12 A M and from 2 to 9 P M. A full and general assortment of medicines are kept constantly on hand. Printed directions accompany each box or package.

All communications (post paid), with a fee enclosed, will be strictly attended to.

Remember the number—55 Union Street.

FITS! FITS!!

HART'S VEGETABLE EXTRACT

Is the only remedy that can be relied on for the permanent cure of Spinal Complaints, Spasmodic Contractions, Irritation of the Nerves, Nervous or Sick Headache, Nervous Tremors, Neuralgic Affections, Apoplexy Paralysis General debility Deficiency of Nervous and Physical Energy and all Nervous Disorders, including the most dreadful of all diseases that ever affect the human race.

EPILEPTIC FITS,

or Falling Sickness, Hysterical Fits, Convulsions, Spasms, &c. Dr Hart would inform as it among the minds of the afflicted that the Vegetable Extract is the only remedy ever discovered that can be relied on for the permanent cure of this most dreadful of all diseases. As its tendency is to insanity madness and death, the most

SKILLFUL PHYSICIANS

of Europe, as well as those of our own country, have pronounced Epilepsy incurable. And it has been so considered by many until this most important of all discoveries was made by Doctor S Hart nearly sixteen years since, during which time it has ...performing some of the most

REMARKABLE CURES

upon record, and has acquired a reputation which time alone can efface. Physicians of undoubted skill and experience, ministers of various ...as well as hundreds of ...are now in ...recommending the use of this ...to their patients ...

WE QUOTE THE LANGUAGE

used by those who have been cured by this valuable medicine. One says, I have suffered beyond my power of description, but now I rejoice in being fully restored to health and happiness. Another says, "I thank God I feel I am a well man. I also feel it my duty to proclaim to the ears of the earth that those similarly afflicted may find relief. Another who is an

EMINENT LAWYER,

and well known in this city, says, "my son has been afflicted for years with Epilepsy but is now enjoying good health from the Vegetable Extract. The tune," says he, "should and ought to be sounded to the ends of the earth." An others says "Language is entirely inadequate to express my gratitude to Dr Hart for having been the means, under the blessing of God, of restoring me to good health after having been afflicted with Epilepsy in its worst forms for more than twenty three years, and my morning and evening oblation of praise and thanksgiving shall continue to ascend to that God who has afflicted but to make me whole."

Mrs J Bradley, 115 Orchard street New York, states that she has been afflicted with Fits for many years and has been restored to perfect health (after every other means had failed) by the use of the Vegetable Extract.

Dr Charles A Brown of Dover Rose Hill Alabama, who is one of the best Physicians in the State, says that he has been much benefitted by the use of the Vegetable Extract and that he unhesitatingly prescribes it in every case of Epilepsy which comes under his knowledge.

Curtis G Mayberry, Esq formerly Postmaster at Lime Mills Crawford Co, Pa now living in Erie Co Pa states that for many years past he has been sorely afflicted with Fits and he is now happy to state that a persevering use of Dr Hart's Vegetable Extract has restored him sound and healthy and entirely freed from that worst of all diseases.

Mr Stephen B Pratt, corner of Sixth Avenue and Twenty sixth Street, New York states that Mr Charles B Boughton, a member of his family, has been so severely afflicted with Epileptic Fits for many years that he was obliged to relinquish his business. Having used Dr Hart's Vegetable Extract [now] Mr B he was soon restored to perfect health and left this city for the State of Ohio to resume his business.

Rev Mr Smith, Rector of St Peter's Church Spotswood New Jersey, who has been afflicted with Epileptic Fits for more than forty years, states that he has used Dr Hart's Vegetable Extract and his health has been so much improved that he hopes by Divine blessing to have no more Fits.

EPILEPTIC FITS,

For twenty seven years and six months, cured by the use of this truly wonderful medicine.

Read the following remarkable case of the son of Wm Secore Esq of Philadelphia, afflicted with Epileptic Fits for twenty seven years and six months—After travelling through England, Scotland Germany and France, consulting the most eminent physicians and expending for medicine, medical treatment and advice three thousand dollars returned with his son to this country in November last, without receiving any benefit whatever and was cured by using

HART'S VEGETABLE EXTRACT

"I have spent over three thousand dollars for medicine and medical attendance. I was advised to take a tour to Europe with him which I did. I first visited England. I consulted the most eminent physicians there in respect to his case, they examined him and prescribed accordingly. I remained there three months without perceiving any change for the better, which cost me about two hundred and fifty dollars, pocketed by the physicians, and the most that I received was their opinion that my son's case was hopeless, and

POSITIVELY INCURABLE

I accordingly left England, travelled through Scotland Germany and France and returned home in the month of November, with my son as far from being cured as when I left. I saw your advertisement in one of the New York papers, and concluded to try Hart's Vegetable Extract, seeing your statements and certificates of so many cures, some of twenty and thirty years standing, and I can assure you I am not sorry I did so as by the use of Hart's Vegetable Extract alone he was restored to

PERFECT HEALTH

His reason, which was so far gone as to unfit him for business is entirely restored, with the prospect now before him of life, health and usefulness. He is now 28 years of age and 27 years 6 months of this time he has been afflicted with this most dreadful of diseases but thank God is now enjoying good health.

Now sir, faith without works I don't believe in—To say I shall be ever grateful to you is one thing and as I here enclose you one hundred dollars, I have no doubt you will think this another and quite a different thing. The debt of gratitude I still owe you but please accept this amount as interest on the debt in advance. Yours, very respectfully,

(Signed,) WILLIAM SECORE.

THE TIME IS NOT FAR DISTANT

When thousands who are now trembling under the hand of this dreadful disease, and fearing that every attack may prove fatal, will find permanent relief and be restored to new life, by using this celebrated medicine.

The Great Remedy for Gonorrhœa

GLEET, Stricture, and all analagous complaints, is **Dr DOUGLASS'S ARABIAN PASTE.** Dr Douglass is well known having practiced in the principal cities in the Union during the last 40 years. His only reason for introducing the Paste in this public manner, is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks.

Dr D most solemnly affirms that during his practice of forty years this Paste has never, in one single instance failed of effecting a cure in a few days without any change of diet or hindrance from business. He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years but after taking the Paste for a few days the angry symptoms disappeared, and the patients were discharged, entirely cured.

If the unfortunate instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste, we should not see so many emancipated bodies and sallow countenances as we do at at the present time.

☞ In case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchasers on returning the empty boxes.

For sale only by the original inventor and sole proprietor, Dr PETER G DOUGLASS, at his Office No 55 Union street Boston at $5 per box where he can be confidently consulted on every disease incident to the human frame, and the patient rely upon the most beneficial course of treatment that can possibly be adopted.

SATURDAY, DECEMBER 23, 1848.

The Temperance League &c.

There are in this city several temperance organizations with various pledges more or less specific They are undoubtedly all doing good in some way, in the cause, which is more or less apparent in the community But it is known that there are many temperance men and temperance women who are not included in any of these organizations As the result of several Union meetings of the friends of temperance and a free interchange of sentiment upon the subject, a plan was matured of a new and something more popular organization which, should embrace all the friends of temperance, male and female in the city, by a general League having branches in each ward in the city The plan seemed to strike the minds of the temperance community quite favorably Past experience, not less than the varied and popular character of the new league, suggested the propriety, and indeed the necessity of a comprehensive pledge adapted to the character, sex and condition of those who were expected to sign the pledge as one of the conditions of membership Thus a pledge to abstain from the use of intoxicating liquors, wine, beer and cider, and to promote the cause of temperance, seemed to be entirely applicable to the whole and to embrace in essence the obligations of each member to the League and to each other in that connection, leaving to each the right of all his pledges of a more definite and specific character made in other relations Th e pledge contained the conditions of membership All who signed it were expected to do so in good faith, and to comply with the conditions upon which they became members of the league

Upon this comprehensive pledge being reported by a majority of the committee, Mr Perkins proposed to amend it by substituting one pledging its signers to certain specific duties, and among them was that of voting only for temperance men It seemed to us that however important such a special organization among our citizens might be, it was entirely out of place to undertake to bring this general league into such an arrangement, and a little incongruous within, as the league was expected to embrace the good women of our city The majority of the meeting seemed to view the matter somewhat in the light in which we viewed it, and voted for the pledge first offered

We alluded to this subject in an editorial, title stating substantially the proceedings of the meeting, and added in a comment in reference to Mr Perkins proposition —

"Many seemed to think that the commodity offered was well enough in itself but that it was offered in the wrong market, particularly as the women have little to do with the subject of voting

This comment appears to have excited the ire of Mr Perkins and he has sent us the following communication It may contain a triumphant vindication of the propriety of the course taken by Mr Perkins—but we cannot discover it It may have much in it that ought to make us ashamed of our logic—but we do not see it It may possess a keen sharp satire that should make us tremble—but we are not conscious of any shake but that of laughing It may possess allusions and illustrations that should make us feel very unpleasantly and quite sick at heart —but we feel nothing of the sort We have no acquaintance with Mr Perkins and have only seen him some two or three times and never heard him speak, that we know of, until last Saturday evening We have therefore nothing personal against the man but think him an impulsive man with somewhat of a radical turn of mind and not well disciplined to sober experience, and afflicted with the "writing itch"

Here is his article —

To the Editor of the Whig and Courier

In your paper of Tuesday, I find what purports to be an account of the temperance meeting held on Saturday evening last, where is an attempt to bring ridicule upon the effort of the minority of the committee on organization to secure the adoption of a more stringent pledge

You denominate the amendment submitted a 'commodity which you think "was offered at the wrong market, particularly as the women have little to do with the subject of voting"

I am not surprised at this because I am well aware that it is very common in these days to reckon *principles*, as well as men and women, among the "articles of merchandise" And, if a man s principles are as valuable as his birthright, I am quite sure that the record of 'profane Esau' does not constitute a solitary monument of human folly

But you say 'the position was rejected by a large vote' Perhaps your readers will be still more vividly impressed by the largeness of the demonstration when they know that in a 'well attended' meeting there were some twelve or fifteen who voted against the proposition, that five of these were members of the Committee, and that *aside* from the committee it was sustained by nearly or quite as many votes as the report of the majority

Again, the representation is, that it was offered at the wrong market, because the ladies do not vote Most marvelous conception, truly! But, as no such intimation was given at the meeting, I conclude that 'many' is used in an accommodated sense and simply means that such was the sober conviction of the editor of the Whig And as the thoughts of one are often more *forcible* than the thoughts of many, perhaps the application is not inapt and I will enter no complaint But pray, sir, can you not understand how a man can be supported without being voted for? In charging the Female Anti-Slavery Society a few years since with supporting the Liberty party, did you mean to say that they voted for its candidates? Or, when you have chronicled the numerous demonstrations of the ladies in favor of the candidates of your own party, as indications of success, have you always meant that you expected to get their votes?

I understand perfectly where the difficulty lies Not with the ladies for I have no doubt that the principles embodied in the proposed amendment commend themselves to every temperance woman in our city And that they are far intelligent to need the information that a support does not always mean a vote, I most assuredly know

They understand how the controlling influence which they possess may be directed to secure civil office to such men as, shall use their official influence for the promotion of temperance and virtue

Show me the man who can secure the firm, united and active support of every virtuous woman in the land, and he shall be the next President of the Republic, in spite of all the efforts of every scheming politician, or reckless demagogue from Maine to Texas The amendment affirms it to be their duty to give that influence to temperance men only Thus I believe they are ready to do

But the difficulty is all on the other side — Certain men are thinking what will betide certain parties if they commit themselves to such a pledge And where such men preponderate, I own that the 'market' for principles is not very promising. J. H. P

The Telegraph.

Our city is now in communication with the South and the West by telegraph. The line between this city and Portland is now completed and we have the pleasure this morning of furnishing our readers with the New York Market of yesterday afternoon, and other intelligence received by the telegraph from Boston. This is the first printed telegraphic despatch from Boston to this city, and we hope soon to announce the fact of the conclusion of an arrangement for a daily despatch.

The State of California.

The chances are that California will not become a State at present Mr Douglass's bill has virtually been set aside in the Senate, That is, it has been referred, contrary to Mr Douglass's plan, to the Judiciary Committee, with whom it may remain for an indefinite period — Mr Douglass, on Monday, moved its reference to the Committee on the Judiciary—which is composed chiefly of Southern men The division on the subject was strictly sectional The question on referring to the Committee on Territories was lost by one vote the yeas and nays being as follows

Yeas—Messrs Allen, Atherton, Baldwin, Bradbury, Breese, Bright, Cameron, Clarke, Clayton, Corwin, Davis of Mass, Dickinson, Dix, Dodge, Douglass, Felch Fitzgerald, Hale, Hamlin, Miller, Niles, Sturgeon, Upham, Walker—24

The bill was then referred to the Committee on the Judiciary, which is probably equivalent to giving it the go by

The French Press on the American Presidential Election.

The Paris Constitutionel, in speaking of the result of the election in this country, says — 'General Taylor will bring to the Presidency of the United States a great name, a spotless reputation, a probity above all suspicion, a loyal and firm character, and above all, a sincere love of peace. Gen Taylor conducted with vigor and talent the war with Mexico, a war which he opposed as impolitic and unjust General Cass, on the contrary, has inspired great uneasiness from his mischief making disposition, and his immoderate passion for conquest'

Gen Taylor's Opinions!

The New Haven Palladium, in reply to a question of the Register, (Locofo) in the same city, if it had ever seen a letter from Gen Taylor denying the famous Mississippi Committee falsehood, says

We reply now, that we have in our possession the original letter of Gen Taylor, duly signed to the bold hand of old Zack, denying the reported conversation of the committee of the Mississippi Legislature Is that satisfactory?— We have also in our possess on another original letter from General Taylor, in which he declares he will, if elected President, exert himself to the utmost to defeat all attempts to violate the territory of Mexico by pretended 'Buffalo hunts' And still another original letter in which he says he is opposed to any further acquisition of territory

Fraud Discovered

The New York Commercial Advertiser contains the following account of an attempted fraud —

A few days ago a letter was shown to us post marked Campo Bello & written at that place, which said that the British schooner Sophia, Barts, master, which left that port for St John, New-foundland, on the 23d of November, was run down at sea on the 28th, when off Cape Sable, by a large ship, and that all were supposed to have perished, except the captain, who escaped in the boat, and managed to reach that place but at the time we so unkindly, from being supposed in the boat, that he was unable to write particulars, and would do so shortly We thought at the time all was not right.

Yesterday a letter was received in this city from Lubec, which says that Captain Barts after leaving New York, bore away for the Bay of Fundy cut the figure head off altered the rig of the vessel and entered her as the schooner Spray of Pembroke, on the Nova Scotia side, and the cargo, which was an assorted one, was landed on Stewarson's Island, (known among mariners more by the name of Desolation Island, a capital place for repairs to carry on any thing of the kind), and no doubt he intended to appropriate it for his own benefit. The letter further adds that he touched below Eastport, and sent his brother up the bay with the vessel, while he went ashore to report the pretended loss. Barts hailed from St John, N B. and from what persons here is an old hand at such tricks The cargo was shipped by various consignees, and was insured in several offices in this city. Information has been forwarded to the Collector at Pembroke, advising him of the transaction."

Mr Smith of Connecticut reported a bill providing for a government for Upper California and moved to make it the order for a given day Messrs Toombs and Cobb objected It was referred to the Committee of the Whole.

On motion of Mr Cobb, the House resolved itself into a Committee of the Whole, for the reference of the President s annual Message — Mr Fisher of Ohio spoke in opposition to the arguments of the message upon the Tariff, &c — Mr Lahm of Ohio followed upon the opposite side He was friendly to the Tariff of 1846 but was in favor of some discrimination Washington Hunt of New York followed, criticising the message, and the House adjourned

The last steamboat too prominent to be discussed that our neighbors in the Pine Tree State are waking up to their true interests. We are glad to hear of their prosperity and enterprise. The railroad fever has taken fast hold upon them, and they are going ahead under a full pressure of steam. During the last year, they have fully demonstrated the truth of the old adage, that where there is a will, there is a way. The citizens of Maine have learned the important fact, that the true policy is to rely upon their own resources. The sun will please his dependence upon a rich father prideth does much for himself, and the State has begun to develope its own resources, and relies too much upon foreign capital, preferring loans to the means of improvement. For many years, Maine has been somewhat retarded in her growth by bad legislation.

Accumulated wealth has been a great bugbear in the eyes of the leading politicians of that State, and corporations been regarded as a dead weight upon what was called genuine democracy. It is too often the fact that politicians everywhere (we mean those who make politics a trade,) will appeal to the worst passions and prejudices of the people, for the sake of keeping themselves in the current of popular feeling, and of having their sails always trimmed to catch the popular breeze. Instead of removing the bandages from the eyes of the people, and striving to see their true interests, they bind it on the stronger, and foster and cherish that spirit which always more or less, actuates a people jealous of their rights Such a spirit is well when confined within proper limits, but when suffered to go beyond those bounds, its tendency is to level down instead of levelling up Men must not forget that certain natural rights must be yielded in exchange for the privileges which a well organized government gives them In a government of laws, the members of the compact cannot have the freedom of the savage, who roams the forest at will, and shoots down all game that comes within his reach, and yet some politicians would flatter the dear people and make them believe that the laws exact too much and give nothing in return

We remember the remark of a leading politician, uttered a few years ago on the floor of the House of Representatives in the Legislature of Maine, that he had rather a streak of chain lightning should pass over his land than a locomotive He believed railroads were a curse to any State, and that like a stream of burning lava they would scorch and wither everything green and beautiful in their course Corporations too, were the horrid monsters which were destined to crush the freedom of the people, destroy their rights and saddle them with a monarchy, if they were not checked in the bud — That speaker was the embodiment of a certain kind of democracy which has greatly impeded the growth of Maine, and suffered her noble waterfalls to remain useless and unimproved— we refer to which are unsurpassed by any on the surface of the globe But the provisions in the charter of the Atlantic and St Lawrence Railroad show that a more liberal and wiser policy obtains The lawgivers of Maine have opened their eyes and a more liberal spirit prevails — Our neighbors are now pushing ahead, and no one now believes that there is death in the music of the engine's whistle, nor in the rumbling of the cars

The cars now run to Lewiston Falls from Portland, a distance of 33 miles, and 140 from Boston Next season the iron horse will visit Waterville and breathe upon that beautiful village on the banks of the Kennebec A route is also being surveyed from Lewiston Falls to Turner and on to Farmington That region affords some of the most beautiful scenery in Maine, and embraces an excellent agricultural district

In a few months too the Atlantic and St Lawrence road will be opened to Norway, affording the people of that section of the State facilities for transporting the produce of their farms to market The people of Buckfield also are wide awake on a road from the Atlantic and St Lawrence to their village, a distance of 12 miles — The Brunswick and Augusta route is under contract and partially graded Bangor, too, will soon be reached by the iron rails Thus they go, and thus they may go The road to Lewiston Falls is doing an excellent business The wide guage makes the cars more roomy and, for a new road the passenger is carried along with as much speed and comfort as is reasonable can ought to expect The conductors, Watershouse, Courser and Gould have long been on the wing, and know the wants of birds of passage Two of them having been old stagers, and the other *expressly* a good fellow, they know the wants of the travelling community and are prompt in the discharge of their whole duty We congratulate the people of Maine on such an auspicious beginning in the railroad enterprise It gives good promise of future success The Portland people must have the credit of setting the ball in motion down east, and a most thorough impetus did they give it Thus zeal and enterprise knew no bounds this side of the St Lawrence river and the queen city of the East They have a noble heritage Their glorious rivers abundant water power extensive forests and good soil will all be made useful and supply the wants of the human race to a much greater extent than many now dream of in their philosophy —[Boston Mail

FOR CALIFORNIA!

The new, splendid, well coppered and copper fastened Bark
Gold Hunter,

of three hundred tons burthen now building will be ready to leave for the *Gold Regions* the last of March next and will proceed directly there provided a sufficient number of passengers and quantity of freight are procured

This Bark will remain upon the coast of California for several months at the most convenient point for the gold region and then return to Bangor

Passengers in the GOLD HUNTER will be supplied with all the necessaries of life and will have the privilege of making the Bark their home and store house while she is on the coast. She will be fitted up expressly for this business and every attention will be paid to the wants and wishes of her passengers. This is one of the safest and pleasantest modes in which our enterprising citizens who wish to avail themselves of the recently discovered treasures can do so.

The GOLD HUNTER will be commanded by one of the most experienced and thorough seamen on the river in whom all will have entire confidence and the voyage will be wholly made up under his direction and with special reference to the interests of the passengers.

No voyage has been projected for a long time which promises to be so pleasant and profitable as this and those who propose to take passage in this substantial vessel and avail themselves of the numerous advantages here offered will please make immediate application to the subscriber

DR. CUMMINGS'S Compound Extract of Sarsaparilla and Dock.

THESE articles have named are the principal ingredients of this medicine. With these exceptions of vegetable origin, is admirably designed to render them more active, and consequently, more immediately efficacious.

The Dock or Yellow Dock, is one of most valuable as a medicine of all the second to one of the vegetable kingdom. With the above combination shed them, at whom the proper for has been united in the preparation of the compound, and the difficulty of procuring the extract of the root for any considerable length of time.

For many years the proprietor has tested in his practice the efficacy of the principal substances of the compound and is perfectly satisfied that they possess all the properties of the above mentioned, and that they will be found in the preparation of this compound. In this the ingredients are found to act in harmony as a whole and to exhibit the qualities which they separately possess.

A larger portion of Sarsaparilla is soluble than had generally been supposed. The extract needs to be relied on and least liable to decomposition is procured by subjecting the root to the action of the menstrua usually employed in extracting its virtues, for a long time, without heat or any other accelerating agent. None is permitted to be used in the compound, that has not been obtained by this process and that has been less than a year in preparation.

The Compound is recommended for Scrofulas Erysipelas, Ulcerous affections Eruptions and Mercurial diseases. Also for the numerous maladies arising from sedentary employments occupations of a harassing and laboring nature intense application, exposure to extremes of heat and cold, overtasking the physical powers and mental abuses of the constitution among which are Neuralgia, Piles Affection of the Liver Bilious Complaints and Dyspepsia or Indigestion

In diseases of warm climates, with which the proprietor become familiar to his practice in Havana, some years since, the compound will prove particularly efficacious, both as a remedy and a preventative

This medicine has been for some time in use this city, where the proprietor has passed nearly half a century of his professional life. It was extensively prescribed by him while in practice, and it is believed to be in favor with his medical brethren in general, to whom he is known.

CONSUMPTION CURED!

Buchan's Hungarian Balsam of Life.

THE GREAT ENGLISH REMEDY FOR *COLDS COUGHS ASTHMA and CONSUMPTION*

BUCHAN'S HUNGARIAN BALSAM the Great English Remedy is Pectoral and Pulmonary the most powerful and yet mild combination of the most agreeable, and at the same time effective of those formidable complaints, now known to the civilized world.

During the time of trial in the United States during which time it has been introduced from Maine to Florida, it has only received one trial which its specific control in all parts of the country as the great and unfailing remedy in all cases of Pulmonary disease and the most dangerous effective of all the slight forms of colds, coughs and inflammations that so often prove fatal.

IRONCLAD PROOFS

Of the efficacy of this Balsam in the most forms of Consumption

IMPORTANT MEDICAL TESTIMONY

Dr. Buchan—Dear Sir—I have used Buchan's Balsam of Life, beyond the question, a most perfect and accurate preparation of the kind. I have used it in my family, and in my professional practice for more than two years with the most uniform and entire success, in cases of severe Pulmonary disease, and I can consequently recommend it to all who are afflicted in the most certain remedy for such diseases with which I am acquainted. Yours respectfully,

CHARLES J STORER, M D

Boco, Mo, May 22, 1845

Reliable Evidence of the Efficacy of BUCHAN'S HUNGARIAN BALSAM

From the Christian Freeman

While we were writing a leaf, we were always glad to give credit on this which is truly useful, and to give information which may benefit others. A few days ago a brother of ours, from Norway Me came into our office in comfortable health, whom we did not expect to see again on earth. We recommended Buchan's Balsam of Life, and he left our office resolved in the house to do his duty, by what he recommended to his kind and old friends will continue to shout praise. Judge then of our surprise when we saw him enter our office a few days ago, a right stout man, as he would be naturally thought to be, until he the last for he came for acquiring strength of large. But he came considerable in the following letter will tell you and stress to the general Boston Agent for him as directed, which is recommended to us directly with a view that medicine has been the instrument of doing all work.

Boston, Feb 16 1847

Dr D E Bradlee—Sir—I feel it to be a duty from my part to let you know the great benefit I have received from Buchan's Hungarian Balsam of Life. Before I obtained a bottle of this I was confined to my bed with a severe cough and pain in my breast, and was not able to do any work. I had used many remedies, but found no relief, and was confined to the house until I got a bottle of your Balsam of Life, which I am thankful for.

My physician was away Mr. Thrasher began to get better from the first bottle which he took, and in two weeks was able to work. He has now taken three bottles, and is entirely well. He has been a sufferer for many years, and has used many remedies, but could find no relief, but grew worse until he was confined to the house. Two other persons have given up the use of every Balsam, whom you know, and I feel that my duty to recommend this and immediately procured a bottle. This is the first medicine I ever used that did me any good, and I feel myself at liberty to say that I have received more benefit from it than from all the medicine I ever took. Yours respectfully,

FITS! FITS! FITS!

Dr Townsend not having tested his Sarsaparilla in cases of Fits, of course never has made it, and I was surprised to receive the following from an intelligent and respectable farmer in West Indies County.

Fordham, August 15, 1847

Dr Townsend—Dear Sir—I have a little girl seven years of age who has been several years afflicted with Fits we tried almost every thing for her, but without success, at last although we could find no reasonable relief in your sarsaparilla for such like cases, thought that we would try it, and I am very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and surprise. She is now becoming rugged and healthy, for which we feel grateful. Yours, respectfully,

FEMALE MEDICINE.

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Hysterics Ulcer Falling of the Womb Suppressions Piles Incorrhœa or Whites, obstructed or difficult Menstruation Incontinence of Urine or involuntary discharge thereof and for the general prostration of the system, so much prevalent in this climate of inherent causes or causes, produced by irregularity, illness, accident &c. Nothing can more surprising than its invigorating effects on the human frame, persons all weakness and debility, for a taking it, become full of health and energy under its influence. It immediately counteracts the nervousness of the female frame, which is the great cause of Barrenness—It will not be expected of us, in cases of deficient nature, to say that it will cure all cases of cure produced by such causes, but we can assure the afflicted, that hundreds of cases have been restored to health. Thousands of cases where families have been without issue for years, and have been restored to health and strength, and have been blessed with fine, healthy children.

TO MOTHERS AND MARRIED LADIES

Dr Townsend's Sarsaparilla is the most specific preventive to Female Complaints. No female who has a regard to her health should neglect to take it, it is a certain preventive for one of the numerous and horrible diseases to which females are subject of this nature. This period *Change of Life* is a critical one for the female constitution. Many are the females who are left a wreck of misery by neglecting to attend to it in such cases. Dr Townsend's Sarsaparilla is a sovereign remedy for all the diseases to which the delicate diseases to which females are subject.

It braces the whole system, renews promptly the natural energies—by its tonic power it gives strength to the nerves, and nothing can so produce such quiet relaxation—which is the most necessary thing to take for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

GREAT BLESSING TO MOTHERS AND CHILDREN

It is the safest and most effectual medicine for purifying the system and relieving the sufferings attending labor and childbirth ever discovered. It strengthens both the mother and child—prevents pain and disease—increases and enriches the food—those who have used it think it is indispensable. It is highly useful both before and after confinement, as it prevents diseases, attendant upon childbirth, such as Fevers, Cramps, Swelling of the Feet, Dysentery, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate can use it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful. Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement.

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations good enough to use, when applied to the face, very soon spoil that of beauty. They close the pores of the skin, and check the circulation, which, when the system is not thwarted by disease or powder, or the skin inflamed by the alkalies used in some, manifests its own production to the "inner temple," as well as in the garden of rich and delicately tinted and variegated flowers. A free, active and healthy circulation of the blood is the only true source of beauty, and is not to be obtained by any other means. There is no liquid, powder or cosmetic that can produce such a result. Read for these results.

RHEUMATISM.

There is only one cure in four thousand cases of Rheumatism in which Dr Townsend's Sarsaparilla has failed. Its astonishing and Rheumatic cases are weekly eradicated by its extraordinary virtues.

James Cunningham, Esq., one of the assistants to the Cambridge Station, Philadelphia, and a gentleman well known in the literary circles, writes:

Blackwell's Island Sept 14 1847

Dr Townsend—Dear Sir—I have suffered terribly for many years with the Rheumatism, for which all of my friends can testify, and tried all the remedies of every description, but could find no relief, but grew worse and worse, until I was confined to my bed. Two of my physicians gave me up as incurable. Being told of your Sarsaparilla, I had the resolution to try it, and immediately procured a bottle. This was the first medicine I ever used that did me any good, and I feel myself at liberty to say that I have received more benefit from it than from all the medicine I ever took.
